

Introducing: VirtualCare

With a push of a button, you can speak with a licensed physician who can evaluate and treat your symptoms virtually.

Get started in minutes

The doctor will see you now

VirtualCare is made up of licensed medical professionals with triage expertise. You can reach out to our team via phone, video or picture consults. We can diagnose, treat, prescribe, order labs, and even make referrals.

Find your 'Unique ID'
in the TouchCare app.

Ways to access VirtualCare

You can access VirtualCare by downloading the TouchCare mobile app for your iOS or android device. Simply login then click on the **Add-ons** tab from the bottom menu.

Visit www.touchcare.com and click on **member login**. If you are creating a new account, click **new member**. Otherwise, sign in and click the **Add-ons** tab from the left menu.

You can also contact your virtual providers directly over the phone. To be connected with the VirtualCare team and to schedule your first consult, dial: 855-636-3669
