

Open Enrollment

Open Enrollment consultations were created to make benefits selection simple. We give our members a chance to ask questions specific to their needs.

We dedicate 30 minutes to each call so our members have time to understand their plans more fully. When employees understand their options, they are happier with their plans and with their employer.

Members report a **65% increase** in benefits knowledge following consults.

Inhale.
We've got this.
Exhale.

UNIQUE SERVICES

- Fast and easy intake experience for members
- Thorough research
- Fully personalized
- High-touch, white glove service
- Assistance via phone, app, or email

QUICK QUESTIONS

Fill out a form with current medications, physicians, and any upcoming life events.

RESEARCH

Before the call, we analyze your company's benefit offering and compare to your needs.

30 MIN CALL

We provide a detailed explanation of all your employer-sponsored benefits.

ACTIONABLE

You can confidently select a benefit plan perfectly suited to your family's needs.

**“They answered
all of my questions
and helped clarify
the differences
between the plans.
I’m really glad that
our company got this
service for us.”**
